DA No. 03-632

Report No. TEL-00644

Thursday March 6, 2003

INTERNATIONAL AUTHORIZATIONS GRANTED

Section 214 Applications (47 C.F.R. § 63.18); Cable Landing License Applications (47 C.F.R. § 1.767); Requests to Authorize Switched Services over Private Lines (47 C.F.R. § 63.16); Section 310(b)(4) Requests

The following applications have been granted pursuant to the Commission's streamlined processing procedures set forth in Section 63.12 of the Commission's rules, 47 C.F.R. § 63.12, other provisions of the Commission's rules, or procedures set forth in an earlier public notice listing applications accepted for filing.

Unless otherwise noted, these grants authorize the applicants (1) to become a facilities-based international common carrier subject to 47 C.F.R. § 63.22; and/or (2) to become a resale-based international common carrier subject to 47 C.F.R. § 63.23; or (3) to exceed the 25 percent foreign ownership benchmark applicable to common carrier radio licensees under 47 U.S.C. § 310(b)(4). Grants under Section 63.16 and certain grants under Section 63.18 also authorize carriers generally to use their authorized private lines to provide switched services (ISR) between the United States and particular international points pursuant to 47 C.F.R. § 63.16. See also 47 C.F.R. §§ 63.22(e), 63.23(d).

This public notice serves as each newly authorized carrier's Section 214 certificate. It contains general and specific conditions, which are set forth below. Newly authorized carriers should carefully review the terms and conditions of their authorizations. These are set forth in detail below and in Sections 63.21, 63.22, and 63.23 of the Commission's rules, 47 C.F.R. §§ 63.21-23. Failure to comply with general or specific conditions of an authorization, or with other relevant Commission rules and policies, could result in fines and forfeitures.

The Commission most recently amended its rules applicable to international telecommunications common carriers in 2000 Biennial Regulatory Review, Policy and Rules Concerning the International, Interexchange Marketplace, FCC 01-93, released, March 20, 2001, 66 Fed. Reg. 16874 (Mar. 28, 2001). See also IB Docket No. 97-142, Rules and Policies on Foreign Participation in the U.S. Telecommunications Market, Order on Reconsideration, 15 FCC Rcd 18158 (2000); IB Docket No. 98-118, Review of International Common Carrier Regulations, FCC 99-51, released March 23, 1999, 64 Fed. Reg. 19,057 (Apr. 19, 1999) and in IB Docket Nos. 98-148, 95-22, CC Docket No. 90-337 (Phase II), 1998 Biennial Regulatory Review - Reform of the International Settlements Policy and Associated Filing Requirements, FCC 99-73, released May 6, 1999, 64 Fed. Reg. 34, 734 (June 29, 1999). An updated version of Sections 63.09-.24 of the rules, and other related sections, is available at <http://www.fcc.gov/ib/td/pf/telecomrules.html>.

ITC-214-20021218-00583 E

Internet and Telephone, L.L.C.

International Telecommunications Certificate

Service(s): Global or Limited Global Resale Service

Grant of Authority

Date of Action: 02/28/2003

Application for Authority to provide service in accordance with the provisions of Section 63.18(e)(2) of the rules.

ITC-214-20030117-00022 E

Qwest Communications Corporation

International Telecommunications Certificate

Service(s): Global or Limited Global Facilities-Based Service, Global or Limited Global Resale Service

Grant of Authority

Date of Action: 02/28/2003

Application for authority to provide service in accordance with the provisions of section 63.18(e)(1) - (3) of the Commission's rules, specifically: (1) authority to provide global international facilities-based and resale services between all points in the states of Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington, Wyoming, and all "out-of-region" states, and all permissible foreign points; and (2) authority to provide global international facilities-based and resale services between all points in the states of Arizona, Minnesota, New Mexico, Oregon and South Dakota, and all permissible foreign points, at such time as Qwest Communications International Inc. (Qwest Communications) receives authority to provide in-region, interLATA service for each of these states pursuant to section 271 of the Communications Act of 1934, as amended, 47 U.S.C. § 271. See 2000 Biennial Regulatory Review, Amendment of Parts 43 and 63 of the Commission's Rules, Report and Order, IB Docket No. 00-231, FCC 02-154, 17 FCC Rcd 11416 (2002). Pursuant to section 63.10 of the Commission's rules, Applicant requests non-dominant regulatory treatment for all U.S. international routes.

This application includes traffic originating in the states of Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington, Wyoming, Arizona, Minnesota, New Mexico, Oregon, and South Dakota, which are the "in-region" states of Qwest Communications. The applicant, Qwest Communications Corporation (QCC), is an indirect, wholly-owned subsidiary of Qwest Communications.

On December 23, 2002, the Commission approved Qwest Communications' section 271 application to provide in-region, interLATA services originating in Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington, and Wyoming. See Application By Qwest Communications International Inc. for Authorization to Provide In-Region, InterLATA Services in Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington and Wyoming, WC Docket No. 02-314, Memorandum Opinion and Order, FCC 02-332, rel. December 23, 2002. Grant of QCC's international section 214 application would authorize it to provide international facilities-based and resale services originating in all "out-of-region" states and in these "in-region" states. QCC acknowledges, however, that grant of its request for authority to provide international services from Arizona, Minnesota, New Mexico, Oregon and South Dakota would be conditioned such that it would be effective for each of these five states only at such time as Qwest Communications receives section 271 authority for each such state.

ITC-ASG-20030106-00033 P AT&T Canada Corp.

Assignment

Grant of Authority

Date of Action: 03/05/2003

Current Licensee: AT&T Canada Telecom Services Company

FROM: AT&T Canada Telecom Services Company

TO: AT&T Canada Corp.

Application for consent to assign an international section 214 authorization (ITC-214-19981207-00852) from AT&T Canada Telecom Services Company (ATTC) to AT&T Canada Corp. This application is filed in connection with a non-binding agreement in principle between ATTC's indirect parent, AT&T Canada Inc., and an informal committee of bondholders. Currently, Brascan Corporation indirectly holds 50 percent of the Class A voting shares of AT&T Canada Inc. Applicants state that, upon consummation of the agreement, AT&T Canada Inc. bondholders (and certain other creditors) will exchange their debt (and claims) in AT&T Canada Inc. for cash and equity shares in a newly formed company, New PublicCo. Under the agreement, the entire current equity in AT&T Canada Inc. will be cancelled, and new shares will be issued to New PublicCo. AT&T Canada Inc. will become a wholly-owned subsidiary of New PublicCo, and the international section 214 authorization will be assigned to AT&T Canada Corp., a wholly-owned subsidiary of AT&T Canada Inc. Applicants state that the shares of New PublicCo will be widely dispersed. Consummation of the agreement is subject to, among other things, bondholder, regulatory, and court approval under the Companies' Creditors Arrangement Act in Canada.

ITC-ASG-20030109-00008 E

Teleglobe USA LLC

Assignment

Other Companies:

TLGB Corporation (Delaware); Teleglobe Inc. (Debtor-In-Possession) Canada

Grant of Authority

Date of Action: 03/05/2003

Current Licensee: Teleglobe USA Inc. - Debtor-In-Possession

FROM: Teleglobe USA Inc. (Debtor-in-Possession)

TO: Teleglobe USA LLC

Application for consent to assignment of international Section 214 authorizations held by Teleglobe USA Inc., Debtor-in-Possession, to Teleglobe USA LLC, a newly formed limited liability company organized under the laws of Delaware. This application is filed in connection with the proposed sale of Teleglobe USA Inc.'s telecommunications assets and business in the United States out of bankruptcy to TLGB Corporation ("TLGB"), a Delaware holding company.

After consummation of the proposed transaction, Teleglobe USA LLC, the assignee, will be a direct, wholly owned subsidiary of TLGB, which is an indirect wholly-owned subsidiary of Teleglobe International Holdings Ltd. ("TIH"), a newly-formed Bermuda corporation. The majority owners of TIH are four investment funds that are affiliated with Cerberus Capital Management, LP, a private equity fund based in New York. The Cerberus funds are controlled by Stephen Feinberg, a U.S. citizen who is the CEO of Cerberus. Pursuant to Section 63.10 of the rules, Teleglobe USA LLC requests that it be classified as a non-dominant U.S. international carrier on all authorized routes, including Canada. Teleglobe USA Inc., the assignor, currently is classified as dominant on the U.S.-Canada route due to its affiliation with Bell Canada. Applicants state that, after consummation of the proposed transaction, Teleglobe USA LLC will not be affiliated with Bell Canada or with any other foreign carrier that possesses market power.

The international Section 214 authorizations that would be assigned to Teleglobe USA LLC are as follows: (1) Authority to resell private lines not interconnected to public switched networks between the United States and international points (File No. ITC-95-466); (2) Authority to provide international services between United States and international points through resale of international switched services (File No. ITC-95-467); (3) Authority to resell private lines interconnected with the public switched network at one or both ends for the provision of switched services between the United States and the United Kingdom (File No. ITC-95-468); (4) Authority to resell interconnected private lines between the United States and Sweden for the provision of switched services (ITC-96-074); (5) Authority to provide limited global facilities-based service (File No. ITC-96-452); (6) Authority to acquire and operate facilities for the provision of services between the United States and international points (File No. ITC-96-020); (7) Authority to acquire and operate facilities for the provision of services between the United States and international points other than Canada using the CANUS-1 cable system (File No. ITC-96-411); (8) Authority to acquire and operate facilities for the provision of services between the United States and international points (File No. ITC-96-410); (9) Authority to lease private lines between the United States and Canada for provision of switched and private line services (File No. ITC-96-412); (10) Authority to construct, acquire and operate capacity in the AMERICAS-II Cable System (File Nos. ITC-98-342 and ITC-98-342A); and (11) Authority to construct and operate the Columbus III Cable System (File No. ITC-214-19980527-00346).

Notification of the pro forma transfer of control of international section 214 authorization (ITC-214-20010717-00392) held by WorldPoint Communications, Inc. from Don deLaski to Charles G. Hage

CONDITIONS APPLICABLE TO INTERNATIONAL SECTION 214 AUTHORIZATIONS

(1) These authorizations are subject to the Exclusion List for International Section 214 Authorizations, which identifies restrictions on providing service to particular countries or using particular facilities. The most recent Exclusion List is attached to this Public Notice. The list applies to all U.S. international carriers, including those that have previously received global or limited global Section 214 authority, whether by streamlined grant or specific written order. Carriers are advised that the attached Exclusion List is subject to amendment at any time pursuant to the procedures set forth in Streamlining the International Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, 11 FCC Rcd 12884 (1996), para. 18. A copy of the current Exclusion List will be maintained in the FCC Reference and Information Center and will be available at <http://www.fcc.gov/ib/td/pf/exclusionlist.html>. It also will be attached to each Public Notice that grants international Section 214 authority.

(2) The export of telecommunications services and related payments to countries that are subject to economic sanctions may be restricted. For information concerning current restrictions, call the Office of Foreign Assets Control, U.S. Department of the Treasury, (202) 622-2520.

(3) Carriers shall comply with the requirements of Section 63.11 of the Commission's rules, which requires notification by, and in certain circumstances prior notification by, U.S. carriers acquiring an affiliation with foreign carriers. A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of Section 63.10 of the rules. The Commission recently amended Section 63.11 of the rules in its Order on Reconsideration in IB Docket No. 97-142, 15 FCC Rcd 18158 (2000).

(4) Carriers shall comply with the Commission's International Settlements Policy and associated filing requirements contained in Sections 43.51 and 64.1001 of the Commission's Rules, 47 C.F.R. §§ 43.51, 64.1001. The Commission modified these requirements most recently in 2000 Biennial Regulatory Review, Policy and Rules Concerning the International, Interexchange Marketplace, FCC 01-93, released, March 20, 2001, 66 Fed. Reg. 16874 (Mar. 28, 2001). See also 1998 Biennial Regulatory Review - Reform of the International Settlements Policy and Associated Filing Requirements, IB Docket Nos. 98-148, 95-22, CC Docket No. 90-337 (Phase II), FCC 99-73 (rel. May 6, 1999). In addition, any carrier interconnecting private lines to the U.S. public switched network at its switch, including any switch in which the carrier obtains capacity either through lease or otherwise, shall file annually with the Chief, International Bureau, a certified statement containing, on a country-specific basis, the number and type (e.g., 64 kbps circuits) of private lines interconnected in such manner. The Commission will treat the country of origin information as confidential. Carriers need not file their contracts for interconnection unless the Commission specifically requests. Carriers shall file their annual report on February 1 (covering international private lines interconnected during the preceding January 1 to December 31 period) of each year. International private lines to countries for which the Commission has authorized the provision of switched basic services over private lines at any time during a particular reporting period are exempt from this requirement. See 47 C.F.R. § 43.51(d).

(5) Carriers authorized to provide private line service either on a facilities or resale basis are limited to the provision of such private line service only between the United States and those foreign points covered by their referenced applications for Section 214 authority. In addition, the carriers may not -- and their tariffs must state that their customers may not -- connect their private lines to the public switched network at either the U.S. or foreign end, or both, for the provision of international switched basic services, unless the Commission has authorized the provision of switched services over private lines to the particular country at the foreign end of the private line or the carrier is exchanging switched traffic with a foreign carrier that the Commission has determined lacks market power in the country at the foreign end of the private line. See 47 C.F.R. §§ 63.16, 63.22(e), 63.23(d). A foreign carrier lacks market power for purposes of this rule if it does not appear on the Commission list of foreign carriers that do not qualify for the presumption that they lack market power in particular foreign points. This list is available at http://www.fcc.gov/Bureaus/International/Public_Notices/1999/da990809.txt. See generally 1998 Biennial Regulatory Review - Reform of the International Settlements Policy and Associated Filing Requirements, IB Docket Nos. 98-148, 95-22, CC Docket No. 90-337 (Phase II), FCC 99-73 (rel. May 6, 1999), paras. 12-15, 102-109.

(6) The Commission has authorized the provision of switched basic services via facilities-based or resold private lines between the United States and the following foreign points: Sweden, Canada, New Zealand, the United Kingdom, Australia, The Netherlands, Luxembourg, Norway, Denmark, France, Germany, Belgium, Austria, Switzerland, Japan, Italy, Ireland, Hong Kong, Iceland, Spain, Finland, Israel, Singapore, Netherlands Antilles, Poland, Argentina, United Arab Emirates, Macau, Hungary, Philippines, Greece, Uruguay, Brunei, Trinidad & Tobago, Czech Republic, the Dominican Republic, Brazil, Botswana, Costa Rica, South Africa, Saint Lucia, Saint Kitts & Nevis, Saint Vincent, Antigua, Malaysia, Thailand, Belize, Panama, Guatemala, Venezuela, Bahrain, South Korea, Portugal, Cyprus, Slovak Republic, Slovenia, Dominica, Grenada, Jamaica, Kuwait, Jordan, Paraguay, Croatia, Egypt, Zambia, Ecuador, Barbados, Colombia, Chile, El

Salvador, Taiwan, Nicaragua, Turkey, Peru, Morocco, Ghana, Bolivia, Guyana, Mongolia, Zimbabwe, Gambia, Nigeria, Bangladesh, and Indonesia.

(7) Carriers may engage in "switched hubbing" to countries for which the Commission has not authorized the provision of switched basic services over private lines consistent with Section 63.17(b) of the rules.

(8) Carriers may provide U.S. inbound or outbound switched basic service via their authorized private lines extending between or among the United States, Sweden, New Zealand, the United Kingdom, Australia, The Netherlands, Luxembourg, Norway, Denmark, France, Germany, Belgium, Austria, Switzerland, Japan, Italy, Ireland, Hong Kong, Iceland, Spain, Finland, Israel, Singapore, Netherlands Antilles, Poland, Argentina, United Arab Emirates, Macau, Hungary, Philippines, Greece, Uruguay, Brunei, Trinidad & Tobago, Czech Republic, the Dominican Republic, Brazil, Botswana, Costa Rica, South Africa, Saint Lucia, Saint Kitts & Nevis, Saint Vincent, Antigua, Malaysia, Thailand, Belize, Panama, Guatemala, Venezuela, Bahrain, South Korea, Portugal, Cyprus, Slovak Republic, Slovenia, Dominica, Grenada, Jamaica, Kuwait, Jordan, Paraguay, Croatia, Egypt, Zambia, Ecuador, Barbados, Colombia, Chile, El Salvador, Taiwan, Nicaragua, Turkey, Peru, Morocco, Ghana, Bolivia, Guyana, Mongolia, Zimbabwe, Gambia, Nigeria, Bangladesh, and Indonesia.

(9) Carriers shall comply with the "No Special Concessions" rule, Section 63.14, 47 C.F.R. § 63.14.

(10) Carriers regulated as dominant for the provision of a particular communications service on a particular route for any reason other than a foreign carrier affiliation under Section 63.10 of the rules shall file tariffs pursuant to Section 203 of the Communications Act, as amended, 47 U.S.C. § 203, and Part 61 of the Commission's Rules, 47 C.F.R. Part 61. Except as specified in Section 20.15 with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in Section 61.3, and providing detariffed international services pursuant to Section 61.19 must comply with all applicable public disclosure and maintenance of information requirements in Sections 42.10 and 42.11. These non-dominant carriers may continue filing new or revised international tariffs for mass market services until January 28, 2002, when all tariffs, with limited exceptions, must be cancelled. Carriers may not file any new or revised contract tariffs or tariffs for other long-term international service arrangements. See 2000 Biennial Regulatory Review, Policy and Rules Concerning the International, Interexchange Marketplace, FCC 01-93, released March 20, 2001, 66 Fed. Reg. 16874 (Mar. 28, 2001).

(11) Carriers shall file the annual reports of overseas telecommunications traffic required by Section 43.61(a). Carriers shall also file the quarterly reports required by Section 43.61 in the circumstances specified in paragraphs (b) and (c) of that Section.

(12) Carriers shall file annual reports of circuit status and/or circuit additions in accordance with the requirements set forth in Rules for Filing of International Circuit Status Reports, CC Docket No. 93-157, Report and Order, 10 FCC Rcd 8605 (1995). See 47 C.F.R. §§ 43.82, 63.23(e). These requirements apply to facilities-based carriers and private line resellers, respectively.

(13) Carriers should consult Section 63.19 of the rules when contemplating a discontinuance, reduction or impairment of service. Further, the grant of these applications shall not be construed to include authorization for the transmission of money in connection with the services the applicants have been given authority to provide. The transmission of money is not considered to be a common carrier service.

(14) If any carrier is reselling service obtained pursuant to a contract with another carrier, the services obtained by contract shall be made generally available by the underlying carrier to similarly situated customers at the same terms, conditions and rates. 47 U.S.C. § 203.

(15) To the extent that any of the above-listed applicants intends to provide international call-back services through the use of uncompleted call signaling, its authorization to resell international switched voice and/or data services to provide these services is expressly subject to the conditions listed in VIA USA Ltd., et al., 9 FCC Rcd 2288 (1994), on recon., 10 FCC Rcd 9540 (1995).

(16) To the extent the applicant is, or is affiliated with, an incumbent independent local exchange carrier, as those terms are defined in Section 64.1902 of the rules, it shall provide the authorized services in compliance with the requirements of Section 64.1903. See Regulatory Treatment of LEC Provision of Interexchange Services Originating in the LEC's Local Exchange Area and Policy and Rules Concerning the Interstate, Interexchange Marketplace, Second Report and Order in CC Docket No. 96-149 and Third Report and Order in CC Docket No. 96-61, 12 FCC Rcd 15756, recon., 12 FCC Rcd 8730 (1997), Order, 13 FCC Rcd 6427 (Com. Car. Bur. 1998), further recon., FCC 99-103 (rel. June 30, 1999).

(17) Except as otherwise ordered by the Commission, a carrier authorized here to provide facilities-based service that (i) is classified as dominant under Section 63.10 of the rules for the provision of such service on a particular route and (ii) is affiliated with a carrier that collects settlement payments for terminating U.S. international switched traffic at the foreign end of that route may not provide facilities-based service on that route unless the current rates the affiliate charges U.S. international carrier to terminate traffic are at or below the Commission's relevant benchmark adopted in International Settlement Rates, IB Docket No. 96-261, Report and Order, 12 FCC Rcd 19806 (1997). See also Report and Order on Reconsideration and Order Lifting Stay in IB Docket No. 96-261, FCC 99-124 (rel. June 11, 1999). For the purposes of this rule, "affiliation" and "foreign carrier" are defined in Section 63.09.

Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's rules in regard to the grant of any of these applications may be filed within thirty days of this public notice (see Section 1.4(b)(2)).

For additional information, please contact the FCC Reference and Information Center, Room CY-A257, 445 12th Street SW, Washington, D.C. 20554, (202) 418-0270.

Exclusion List for International Section 214 Authorizations

-- Last Modified December 22, 1999 --

The following is a list of countries and facilities not covered by grant of global Section 214 authority under Section 63.18(e)(1) of the Commission's Rules, 47 C.F.R. § 63.18(e)(1). In addition, the facilities listed shall not be used by U.S. carriers authorized under Section 63.18 of the Commission's Rules unless the carrier's Section 214 authorization specifically lists the facility. Carriers desiring to serve countries or use facilities listed as excluded hereon shall file a separate Section 214 application pursuant to Section 63.18(e)(4) of the Commission's Rules. See generally 47 C.F.R. § 63.22.

Countries:

Cuba (Applications for service to Cuba shall comply with the separate filing requirements of the Commission's Public Notice Report No. I-6831, dated July 27, 1993, "FCC to Accept Applications for Service to Cuba.")

Facilities:

All non-U.S.-licensed satellite systems that are not on the Permitted Space Station List, maintained at <http://www.fcc.gov/ib/sd/se/permitted.html>. See International Bureau Public Notice, DA 99-2844 (rel. Dec. 17, 1999).

This list is subject to change by the Commission when the public interest requires. Before amending the list, the Commission will first issue a public notice giving affected parties the opportunity for comment and hearing on the proposed changes. The Commission may then release an order amending the exclusion list. This list also is subject to change upon issuance of an

Executive Order. See Streamlining the Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, FCC 96-79, 11 FCC Rcd 12,884, released March 13, 1996 (61 Fed. Reg. 15,724, April 9, 1996). A current version of this list is maintained at <http://www.fcc.gov/ib/td/pf/telecomrules.html#exclusionlist>.
